INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, (publishers of the High Point City Directory since 1933), present to subscribers and the general public, this, the 1957 edition of the High Point City Directory, which also includes Fairmont Park and Oakview.

Confidence in the growth of High Point's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting High Point to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the High Point Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like High Point, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of High Point, Fairmont Park and Oakview and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of

the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of High Point and vicinity.

The High Point Directory Library

Through the courtesy of the publishers of the High Point City Directory, a Directory Library is maintained in the offices of the High Point Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HIGH POINT TODAY

Origin of Name

High Point derived its name from a statement made by Captain Gregg, chief engineer of the surveyors of the North Carolina Railroad, from Goldsboro to Charlotte (now leased by the Southern Railway); in which he said, "This is the highest point along the whole survey, so we will mark it High Point."

Industry

High Point occupies the unique position of being the Southern center of two major industries—furniture and hosiery manufacturing.

The first furniture factory was established in 1888—today there are 86 furniture factories located here manufacturing a complete line of wooden household furniture including office desks and other equipment.

Located here are five furniture exhibition buildings for the exhibition of furniture, rugs, floor coverings and other household furnishings to the dealer—the fourteen-story Southern Furniture Exposition Building, the Tomlinson Exhibition Building, the Merchandise Mart, the Southeastern Furniture Building and the Manufacturers Furniture Market, with combined floor space of 569,890 square feet. Over 500 manufacturers of household furnishings exhibit their products in this—This Southern Furniture and Rug Market.

The daily capacity of the 34 hosiery mills of High Point exceeds 50,000 dozen pairs of hose. The manufacture of hosiery ranges from infants' hose to full-fashioned hose, the volume in men's half hose being predominant. First hosiery mill established in 1905.

There is a wide diversity of manufacturing in High Point—in addition to 88 furniture factories and 33 hosiery mills, there are 214 other diversified manufacturing plants. Among these are plants manufacturing: Overalls, work shirts, men's summer clothing, mattresses, box springs, pillows, veneers, plywoods, art glass, paints, enamels, varnishes, lacquers, sealers, stains, fillers, undercoats and reducers, bobbin heads, shuttle blocks, building material, mirrors, glass furniture and novelties, toys, hosiery transfers, embossers' labels and seals, silk and rayon weaving, hosiery and underwear yarns, dyes, chemicals and textile oil specialties, paper boxes, corrugated shipping containers, television cabinets and a variety of other products.

The manufacturer will find in High Point many advantages so necessary for successful and profitable operation (this is proved by the successful operation of plants now located here). Among these are climate (good living and working conditions); availability of intelligent native labor, 79.8 o/o native white, 19.7 o/o Negro, 0.5 o/o foreign-born; harmonious industrial relations; efficient public utilities; adequate electric power and modern municipal facilities.

Located on main line of the Southern Railway System between Washington, D. C. and Atlanta, Ga.

On the High Point, Thomasville & Denton Railroad, a locally-owned and successful short-line railroad connecting, through the Winston-Salem South-bound Railroad, with the Norfolk & Western Railway, the Atlantic Coast Line Railroad and the Norfolk Southern Railroad, with through rates and service applying.

Air service through the Greensboro-High Point Airport is furnished by Eastern Air Lines main line, Capital Air Lines and Piedmont Airlines. Sixteen motor-freight lines operate out of High Point.

Charter and Form of Government

The original charter of the City of High Point was granted by the State Legislature in 1859. The present council-manager form of government was inaugurated by charter amendments in 1915 and 1931.

The present charter provides for a city council consisting of a mayor and eight councilmen.

High Point is operated under a modern city-manager charter which places responsibility for efficient operation of all departments upon the city manager and delegates to him authority commensurate with such responsibility.

The charter is unique in that the debt-creating power of the City Council is very greatly restricted. No new indebtedness may be created in any fiscal year in excess of 50 o/o of the amount retired during the previous year, except by vote of the citizens. Under this plan, the indebtedness of the City will undoubtedly decrease each year, and at the same time, such limitation will not prevent the logical development of municipal facilities.

Electric Distribution System

The City operates its residential and commercial electric system with considerable net profit. The City's charges for electric current sold to its residential and commercial consumers are no greater than those charged for similar classes of service rendered by private utility companies operating in this area.

Education

HIGH POINT COLLEGE

Is young: Founded in 1924, it is building its own spirit and traditions today by the contribution of each student on its campus. Young people enrolling here are not bound by the past but are building for the future.

Is progressive: Student government functioning through dormitory and day student council gives opportunity for student expression, guidance, responsibility and authority.

Has a curriculum designed to meet the needs of youth in our great democracy, comprehensive and elastic and at the same time sound and thoroughly witnessing the spirit of progress in education.

Is growing: The regular session of the last school year enrolled 900 and carried 550 in summer school and extension. Twelve states and three foreign countries were represented in the student body. This is a most remarkable record for 32 years' operation.

Offers rates within the reach of the most ambitious youth of limited means. Offers a beautiful campus; attractive, modern, fire-proof buildings; a competent faculty; adequate facilities; and an administration sympathetic with the testings that meet youth in college.

Is located in the heart of the Piedmont--at High Point, N. C.

Convenient to High Point are all the colleges and universities of the state. Time by automobile between High Point and such institutions ranges from 20 minutes to two hours.

Recreation, Area and Climate

City Lake Park--17 acres. Swimming pool 270 feet long, 165 feet wide, ranging in depth from 2½ to 11 feet; ample for Olympic swimming trails; water tested hourly as to purification; large wading pool. Two tennis courts, softball field, outdoor amphitheatre, children's playgrounds equipped, family picnic facilities. Adjoins 700-acre lake. Excellent fishing.

Negro Park--27 acres. Swimming pool, 6 tennis courts, softball field, athletic and baseball field, wading pool and picnic grounds.

Although renowned as "The Industrial City," High Point could be readily termed "The Balanced City." For here, in addition to 327 factories and mills, are the banks, shops and stores which serve a local retail area of 90,000 population; here are broad, tree-shaded streets; here are the charm of flower gardens and the comfort of luxurious and modest homes. Here are recreation centers, sports and entertainment; and neighboring the city's outskirts are farms

prospering with the varied products which modern agriculture creates. Admirable "balanced"--thriving--comfortable--substantial.

GUILFORD COUNTY

Guilford County is named for Frederick (Lord North), Earl of Guilford. Area, 691 square miles. Formed in 1770 from Orange and Rowan counties.

Industry and Trade--1954 Census

MANUFACTURING: Number of plants, 513; number wage-earners, average for year, 37,608; value added by manufacture, \$170,166,000.

Agriculture

Farming in Guilford County is progressive and prosperous. Climate and soil conditions are favorable and markets are numerous and accessible. Major products produced in the county include tobacco, corn, hay, wheat, sweet potatoes and cotton. The value of agricultural products in a recent year was placed at \$8,172,000.

Points of Interest in High Point and Nearby Territory

AIRPORT: Municipal serving Greensboro and High Point.

GUILFORD COURT HOUSE NATIONAL MILITARY PARK: Revolutionary battle site.

FAMOUS TREE, CORNWALLIS OAK: Located on the battleground.

GENERAL GRIMES MONUMENT: Located on the battleground.

MUSEUM: Located in Springfield Meeting House.

QUAKER MEETING HOUSE: Guilford College, Deep River, Springfield and Archdale.

SEDGEFIELD INN: Located within 15 minutes drive by automobile. Mild weather and ideal terrain make Guilford County a paradise for those who like golf, hunting, riding and other outdoor sports. Golf is a twelve-months' sport, and Guilford courses are as popular with beginners as with leading professionals of the country.

DIVERSIFIED SPORTS: Guilford County visitors may enjoy a complete program that includes football, baseball, softball, tennis and skeet-shooting. Nearly all sports have their devotees in this great Southern playground.

AUTO TRAVEL: Time to Pinehurst, 2 hours; Roaring Gap, 2 hours; Winston-Salem, 40 minutes; Greensboro, 30 minutes.

ASHEVILLE AND THE GREAT SMOKY MOUNTAIN NATIONAL PARK are within a few hours' drive to the west, and the east are the sounds and beaches of eastern North Carolina.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

HIGH POINT

NORTH CAROLINA

It is said that the main reasons which determine industrial location are:

MARKETS: The market of the areas of which High Point is the center is the most important in the South and Southeast. Here the average income is higher, industry is relatively concentrated and farming is more productive. Statistically, in nearly every economic characteristic this section compares on a basis of equal or better with national averages. Nearly every type of consumer goods sells on a par with any section of the country, per dollar per capita. For example, the per capita sales of household furniture is higher than the national average by 11%. Accessibility to the nation's biggest markets is both fast and convenient.

MATERIALS: These same areas produce timber, cotton, tobacco far in excess of local needs . . . many other raw materials are conveniently accessible in bordering areas and a road and rail network brings the entire Eastern Seaboard, the East and Middle West within economical hauling distance. Power facilities are ample and growing. Water is plentiful.

LABOR: Labor is intelligent, 90% native and in good supply. In skilled trades, it is now in the second and entering the third generation.

Figures on taxes, climate, suitable sites, available buildings for industry and community living conditions are available through:

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

**H. R. Pancoast**

**To: Mr. Industrialist  
Mr. Businessman**

**Re: Local Service Department**

Recently we have been getting more and more calls for service from local business firms and industrial plants. In response to this very gratifying demand, we have organized a Local Service Department to handle modernization work, repair jobs, and new electrical construction in High Point and surrounding areas.

In our new department - - - available at your call and ready to serve you  
- - - we now have:

- Top mechanics for guaranteed workmanship
- Engineers for practical technical help
- Instruments for fast troubleshooting
- Stock of materials for emergencies
- Tools for better and faster jobs

This department is closely supervised for efficient operation. Whenever you build or modernize, we can assure you of quality electrical work, done promptly and at a reasonable cost.

Won't you call us on your next electrical job?

## CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with  
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## THE BEST THINGS COME IN SMALL PACKAGES

Through our connections and HPT&D Railroad gives this industrial part of North Carolina competitive trunk line advantages. Concentrated into a small area as an efficient "Short Line" and transporting freight only, HPT&D serves, helpfully and courteously.

HPT&D offers regular schedules to all parts of the United States through the Winston-Salem Southbound, Norfolk and Western, Atlantic Coast Line, and Norfolk Southern railroads and their many connections.

Many industries are located along our tracks. Much new development is underway. For detailed information as to industrial sites, track locations, rates, routings, schedules, etc., write or call:

## Out of Sight--Out of Mind

### ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

## CAUTION . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

## THE BEST THINGS COME IN SMALL PACKAGES

Through our connections and HPT&D Railroad gives this industrial part of North Carolina competitive trunk line advantages. Concentrated into a small area as an efficient "Short Line" and transporting freight only, HPT&D serves, helpfully and courteously.

HPT&D offers regular schedules to all parts of the United States through the Winston-Salem Southbound, Norfolk and Western, Atlantic Coast Line, and Norfolk Southern railroads and their many connections.

Many industries are located along our tracks. Much new development is underway. For detailed information as to industrial sites, track locations, rates, routings, schedules, etc., write or call:

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

## Don't Contribute to Counterfeiters KNOW YOUR MONEY!

## Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

**The Government never redeems counterfeit money!**

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

**PORTRAIT** *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

*Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED SEAL** *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL NUMBERS** *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER** *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

# U. S. POSTAL INFORMATION

## POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

## DOMESTIC POSTAL RATES

### First-Class

**LETTERS:** 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

**POST CARDS or POSTAL CARDS:** 2 cents each within prescribed sizes.

**BUSINESS REPLY CARDS:** 3 cents each; Air Mail, 5 cents each.

**BUSINESS REPLY ENVELOPES:** Business reply envelopes 1 cent in addition to regular postage. Apply at Post Office for Permit.

### Second-Class

**NEWSPAPERS AND PERIODICALS** (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each additional 2 ounces or fourth class rate, whichever is lower.

### Third-Class

(Limit 8 ounces)—On circulars and other miscellaneous printed matter, also on merchandise, 2c for the first 2 ounces or fraction, plus 1c for each additional ounce or fraction.

On books and catalogs having 24 or more pages; also, seeds, cuttings, bulbs, roots, scions, and plants—2 cents for first 2 ounces and 1½ cents for each additional 2 ounces.

### Bulk Rate

For Details Consult Your Local Postmaster

### Fourth-Class—(Parcel Post)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds in weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

## AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and the knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

Below find explanation for Householders Directory  
that follows on green paper

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

## Out of Sight--Out of Mind

### ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. **DEMAND PROPER IDENTIFICATION.** Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. **BE SURE** some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. **PRINT** your name clearly on your mail box. **EQUIP** your mail box with a lock if you have not done so.
3. **CASH** your checks in the same place each month. This will make identification easier.
4. **DO NOT ENDORSE** your check until you are in the presence of the person you will ask to cash it.
